PROFILE

Logistics & Supply Chain Graduate Equipped with foundational knowledge in optimizing supply chain operations, inventory control, and procurement processes. Skilled in data analysis, vendor coordination, and logistics planning. Eager to apply academic training and a proactive mindset to drive efficiency, reduce costs, and support seamless operations in fast-paced environments. Quick learner with strong analytical abilities and a commitment to professional growth.

WORK EXPERIENCE

Caspian CFA Operation on Britannia Pondicherry warehouse (April -June 2025)

- Managed inventory handling, dispatch coordination, and stock reconciliation for Britannia products at the Pondicherry warehouse, ensuring timely and accurate order fulfillment.
- Assisted in daily warehouse operations including inward/outward stock movement, billing, and compliance with Britannia's logistics and quality standards.

Air Cargo Workshop (internship) (January 2025)

- Coordinated comprehensive cargo inspections and documentation to ensure compliance with stringent aviation safety standards and efficient ground handling procedures.
- Supported the timely loading, unloading, and secure storage of air freight, optimizing workflow efficiency in a dynamic high-pressure environment.

Freight Mission (internship) (December 2024)

- Utilized Excel for data analysis and reporting to ensure accurate inventory tracking and demand planning.
- Assisted in managing logistics operations using SAP for procurement, order processing, and supplier management.
